EDUCATION

2021- 2024 Bsc (Information Technology) at **Mumbai University**

WORK EXPERIENCE

ILM UX Pvt. Ltd.

Mumbai, Maharashtra

Fullstack developer

Jan 2022 - Present

- Expert in fullstack development using React, Angular, Next.js, and Angular, specializing in creating dynamic and responsive interfaces. Skilled in implementing animations to enhance user experience
- Proficient in backend development using Node.js, Nest.js, and Express.js, with expertise in MongoDB and PostgreSQL for efficient data storage and management. Experienced in integrating and leveraging Appwrite for streamlined user authentication, data management, and file storage

UI/UX designer

May 2023 - Present

- Contributed to the creation of wireframes, prototypes, and interactive mockups using tools like Figma and Adobe XD, to visualize design concepts and iterate on design solutions.
- Created design assets, including icons, illustrations, and visual elements, to enhance the visual appeal and usability of digital products. [Link to Demo](#)

PROJECTS

Color fusion

[Link to Demo](#)

An app designed to create visual and UX color palettes enhances user experience and visual appeal by providing designers with the tools to play with predefined UX components, enabling them to effortlessly customize and create desired designs.

Taskblitz

[Link to Demo](#)

Developed a task management application with integrated authentication and authorization functionalities, leveraging Next.js. Ensured data security and user privacy through robust authentication mechanisms and access control

MovieHub

[Link to Demo](#)

MovieHub is a cutting-edge platform designed to cater to the needs of movie enthusiasts by offering a wide array of trailers and reliable ratings. In an era where the entertainment industry is thriving, MovieHub stands out as a go-to destination for individuals seeking information and previews about upcoming films.

Tunnel

[Link to Demo](#)

Engineered a dynamic, real-time chat application using Next.js, Socket.IO, and Chakra UI, delivering seamless and interactive communication experiences

Inscribe

[Link to Demo](#)

A social media platform that lets users express their thoughts and emotions through posts, and engage with others by liking and commenting on their content. Join Inscribe today and connect with people through the power of words.
